 - *Use hand signals for hearing-impaired swimmers*, regardless of whether they are looking at you or not!
 - On the “**Take Your Marks**” command, step down your voice. Do *not* raise it up (like a military command)!
 - If you use the “**Stand**” command, *do not* repeat the stroke & distance before the next “**Take Your Marks**” command.
 - If you use the “**Relax, please**” or “**Stand**” command on the start of the backstroke, *do* use the “**Place Your Feet**” command (but *do not* repeat the stroke & distance) before the next “**Take Your Marks**” command.
